Dear Don:

We have reviewed the proposed vacations and openings as set out in your letter of August 22, 1962, with regard to various streets located in Centlivre Park Addition, and have no objections to any of the vacations or openings for the following reasons:

1. The plan as proposed would make a better unified arrangement of streets within the Addition and would eliminate at least one undesirable intersection.
2. The opening of Young Drive between Oak Ridge Road and Westbrook Drive would provide a better circulation of traffic through the area since the Spy Run Creek and the New York Central Railroad establish natural barriers on either side of the area.
3. The relocation of Greenway Road would make Block 3 of the Addition a more desirable size and shape for development.

Based on the above reasons, it would be our recommendation that the proposed street openings and vacations as shown by your map in Centlivre Park Addition be granted.

Sincerely,

CITY PLAN COMMISSION
